REPORT NO. 2  

Birds of Red Fox Meadows Natural Area Field Check List  
September 2018  

Date__________________________Weather__________________________  
Time in field______________Distances________by car________by foot  
Locality_________________________Population____________________  
Total Species______________________Individuals__________________  
Observers_________________________  

Season  
A - Spring, summer, and fall (migration and summer)  
M - Migration (spring and late summer into fall)  
Ms - Migration, but more numerous in spring than in fall  
MF - Migration, but more numerous in fall than in spring  
W - Winter (late fall through the winter)  
Y - Year-round, in roughly the same number throughout year  
Ys - Year-round, but more numerous in migration and summer  
Ym - Year-round, but more numerous in migration  
YW - Year-round, but more numerous in migration and winter  

Abundance  
A - Abundant: may be seen daily in suitable habitat, and counted in relatively large numbers  
C - Common to fairly common: may be seen daily in suitable habitat, and counted in significant but not large numbers  
U - Uncommon: may be seen in suitable habitat and season in relatively small numbers  
R - Rare: seen infrequently and perhaps not even annually  
R* - Very rarely seen, but several records exist for Larimer County  
V - Visitor, casual or accidental: few records or only one record  
I - Irregular: present in numbers some years; scarce other years  

Breeding Status  
B - Confirmed breeder in Larimer County  
b - Probable or possible breeder in Larimer County  
No letter: non-breeder  

Notable subspecies or color variants appear indented below species name.  

Our Mission  
To promote the appreciation, conservation, and restoration of ecosystems, focusing on birds and other wildlife, through education, participation, stewardship, and advocacy.
